**Subject:** I am in support of HB 5408

To Whom it may concern:

I am in support of HB 5408 because I think police need a clearer definition and ability to pre-empt potential shootings by being certain that people carrying firearms are legally permitted to do so. I do not need to tell you about the level of gun violence in our culture, and as a resident of Connecticut, I am compelled to do my part to reduce gun violence levels here.

Please pass this bill.
